Bring Your Own Device (Learning Enrichment Programme) Agreement

Our school has embraced a Bring Your Own Device approach for enriching the learning of students and teachers. Electronic devices are used to promote genuine learning, research, problem solving and positive communication. We support our students to become digitally responsible cyber citizens.

Please review and sign the B.Y.O.D. agreement between teachers, parents, and students of Walkerville Primary School. No student will be permitted to use a personal technology device until the agreement is signed and returned. A device is defined as technology (iPad years 4-7, Laptop years 6-7 only) which meets the minimum standard identified with appropriate software that students can use to facilitate word processing, capturing video and recording audio, accessing the Internet, and processing information. (iPods, other tablets and mobile phones do not meet the required specifications)

Students participating in the B.Y.O.D. must adhere to the Acceptable Use Policy of Walkerville Primary School. Please read the following statements carefully:

1. Students take full responsibility for their devices. The school is NOT responsible for security of personal technology. Personal devices should not be left before or after school hours. Students are also responsible for the insurance of personal devices.
2. Devices are not to be used outside the classroom, unless otherwise directed by the teacher.
3. Students must immediately comply with teachers' requests to shut down devices or close the screen. Devices must be in silent mode and put away when asked by the teacher.
4. Students are not permitted to transmit or post photographic images/videos of any person at school on public or social networks.
5. Personal devices must be charged prior to bringing them to school and run off their own batteries while at school.
6. To ensure appropriate network filters, students will only connect to the school wireless network, to be setup by a member of staff.
7. Students are not permitted at any time to connect to their own personal 3G or WiFi Service.
8. Walkerville Primary School has the right to collect and examine any device.
9. Students will not share their personal devices with other students. Only the student that brings the device may use it.
10. Students will be responsible for keeping their personal device secure while at school. Many devices look identical. It is recommended that skins (decals) and other custom touches that meet the requirements of the Student Code of Conduct be used to physically distinguish devices from others. If this agreement is broken, there will be appropriate consequences determined by the Principal or delegated person.

By signing below all parties agree to the above policies and guidelines.
