
Primary student use of mobile phones and personal devices

Purpose

This policy provides direction to students, staff and families about managing mobile phones and other digital devices that students choose to bring to school. Digital devices include, but are not limited to, **smartwatches, tablets or laptops that are not part of a separate Bring Your Own Device arrangement**. This policy applies while students are at school, or attending an authorised school activity such as an excursion, or camp.

Mobile phone use for primary school students

The department's position is that primary aged students cannot use their mobile phones at school during school hours. The department and the school recognise that there are legitimate reasons for students to bring a mobile phone or personal device to school. This may include:

- to ensure their safety while travelling
- so that parents can contact them outside of school hours.

During the school day students are not permitted to access or use their mobile phones. Students must switch off or mute their devices before storing them at the beginning of the school day. They will not be able to access their device until the end of the school day.

Storage of personal devices

Personal devices will be stored in classrooms during the school day.

If the student does not comply

It is expected that students comply with the requirements of the school's policy and follow all reasonable directions from the Principal and school staff.

Where students use a personal digital device at school without authorisation, consequences will apply. The consequence will be dependent on the context in which the breach occurs, ranging from counselling to confiscation. Breaches that involve bullying or harassment will be dealt with as per the relevant policy. Repeated breaches of the policy will result in confiscation of the digital device.

When a device is confiscated, a parent will be required to meet with the child and a school leader before the device is returned.
